

HOFFMAN FAMILY FOUNDATION COMMUNITY CARE PROGRAM

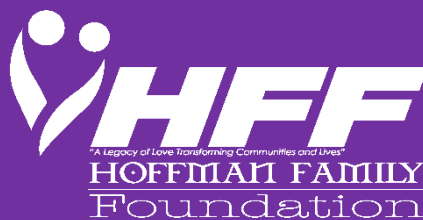

WELCOME

TO OUR COMMUNITY CARE PROGRAM 2026

Welcome to the Hoffman Family Foundation's proposal for the Community Care Program. This project serves as a dedicated vehicle to secure the financial resources necessary to transform Kirugu community, empower vulnerable families, and provide critical support to isolated elderly individuals.

The Hoffman Family Foundation's foundational vision is to leave a legacy of love, transforming lives and communities around the world.

Through this project, we aim to scale our proven models of care to reach those who need it most. We invite you to partner with us financially in this cause; with your vital investment, we can truly scale this difference and restore dignity to families in need.

INTRODUCTION

In many vulnerable parts of Uganda, the economic hardship, illness, and geographical displacement have affected most extended families, leaving the most populations highly exposed to life problems. Within the Kirugu community, elderly women have been neglected, abandoned, and others left entirely without the resources necessary to support them. Left to face chronic illnesses, malnutrition, and profound isolation alone. Cocurrently, vulnerable mothers and single women face the challenge of extreme poverty, lack of family support, and limited economic opportunities, directly impacting the well-being of the dependent children in their care.

Driven by a mission to extend practical care, restore human dignity, and bring hope to individuals in their greatest moments of need, the Hoffman Family Foundation (HFF) has faithfully served the vulnerable members of the Kirugu community since 2018. Grounded in a commitment to demonstrate the love of Jesus Christ through compassionate action, HFF's Community Care Program addresses these compounded crises by treating the household as an interconnected unit. By stepping into the gap to provide comprehensive physical, medical, and spiritual support. Building upon this established foundation of holistic community care, the program continues to bridge divisions, transform lives, and cultivate a lasting legacy of love across Uganda.

TRANSFORMING LIVES SINCE 2015

For the past decade, the Hoffman Family Foundation (HFF) has served the Kirugu community beginning with the commissioning of the school in 2015 and launching our volunteer program. On May 23, 2017, we expanded our impact by introducing dedicated health camps and women's empowerment initiatives. Through these programs, HFF provides vital support to vulnerable children, the elderly, and resilient single women overcoming the daily challenges of poverty, illness, abandonment, and a lack of family support.

Our objective is simple yet powerful: to demonstrate the love of Jesus Christ by caring for those who are most vulnerable, restoring dignity, and bringing hope to individuals and families in their greatest time of need.

CARING FOR OUR ELDERLY

One of the most impactful areas of our ministry has been the care of elderly women who have been neglected, abandoned, or left without the resources necessary to meet their basic needs.

Through the support of our donors and friends, HFF has provided:

- Safe shelter and housing support
- Medical care and treatment
- Bedding and essential household items
- Nutritional support and supplementary feeding programs
- Spiritual care, prayer, and companionship
- Emergency assistance during times of illness and crisis

Many of the elderly we serve have been abandoned by their families and left to face their final years alone. Our program ensures that they experience love, dignity, comfort, and care as they prepare to meet their Lord.

Beyond providing physical care, we have witnessed something remarkable: families often reconnect with their elderly relatives after

seeing the support and compassion extended through our program. In many cases, relatives return during times of illness and bereavement, helping to restore family relationships and bring unity and peace among family members. As a result, our Community Care Program not only serves the elderly but also strengthens and reunites families, creating lasting impact across generations.

CELEBRATING THE LIFE OF SAMANTHA

In May, our community mourned the loss of our beloved friend Samantha, who passed away peacefully at the age of 97. Samantha was a remarkable woman whose generosity and faith touched many lives. Years ago, she donated a portion of her land to support the expansion of Rays of Grace School, creating opportunities for future generations of children to receive an education.

Throughout her later years, Samantha was cared for through the support of the Hoffman Family Foundation.

She received medical attention from our school doctor and was regularly visited by donors and friends from the United States who showed her great love and kindness.

We are especially grateful to David Hoffman, and Peter Tyler, who visited Samantha during her final days, providing medication, encouragement, prayer, and companionship. She passed away surrounded by love, comfort, and dignity.

Special thanks to Tami Hoffman whose constant support provided comfort and strength when it was needed most.

On the day of her burial, the Hoffman Family Foundation provided food for mourners and assisted with burial expenses, ensuring that

Samantha received a respectful and honorable farewell. Her story stands as a beautiful testimony of generosity, faith, and the power of community care. Though she is no longer with us, her legacy continues to inspire us. **As we cherish the beautiful memory of Samantha**

and celebrate the life she shared with our school family, we want to honor her legacy through acts of kindness. We are putting up a drive dedicated to supporting vulnerable elderly individuals in Kirugu who are facing difficult times.

PROBLEM STATEMENT

In Kirugu community, the traditional extended-family safety has collapsed due to abandonment, and high mortality rates among adults, a critical gap has emerged. Elderly individuals are left isolated without their adult children, forcing young grandchildren to become caregivers. This change creates a dual crisis, older adults face severe neglect and illnesses, while their young caregivers are also helpless, forcing them to drop out of school and trapping them in a cycle of systemic poverty.

MAIN OBJECTIVE

To mobilize resources to reach out to families with helpless elderlies, children and their grandchildren.

SPECIFIC OBJECTIVES

- To sponsor helpless children.
- To provide shelter to the elderly.
- To provide basic needs to the vulnerable.
- To provide medication to the elderly who cannot afford medical bills.

SCOPE

The Hoffman Family Foundation (HFF) Community Care Program operates within the Kirugu community and surrounding areas, focusing its resources on four core areas:

Children's Development: It's important to educate our children, no matter where they live, for they will grow to become responsible citizens of their society. Each child represents a future, the future of the community, of the country, and indeed the future of the whole world.

Women Empowerment: Supporting over 50 vulnerable mothers, widows, and elderly women who lack alternative support by providing basic necessities, community fellowship, and income-generating opportunities.

Sanitation & Health Care: Uganda is exposed to a variety of diseases and illnesses,

many of which can be treated and even prevented. Our goal is to create solutions that impact our communities long-term. From solar power implementation and sanitized water, to mosquito net distribution and free health clinics, our team is focused on spreading free care and education to help better the lives of those we come in contact with.

Community Outreach: Part of our ongoing commitment to bettering the lives of families and communities in underdeveloped countries includes new construction projects and community outreach. While much of the focus is on community resources we can't help but be touched by the lives and stories of those we meet.

WOMEN EMPOWERMENT AND COMMUNITY SUPPORT

Alongside our elderly care initiative, the Hoffman Family Foundation seeks to expand its outreach to support up to 50 families that include elderly women, vulnerable children and grandchildren. Many of these families are headed by elderly women who shoulder the responsibility of caring for their grandchildren after the loss, abandonment, or absence of their parents.

While our current resources limit the number of families we can support, our vision is to increase our reach to 50 vulnerable households, prioritizing those with no alternative source of assistance.

Through this program, supported families will receive:

- Basic household necessities
- Nutritional support for elderly women and children
- Community fellowship and social support
- Income-generating and livelihood opportunities
- Emotional and spiritual encouragement

By empowering elderly women and strengthening family units, we not only improve daily survival but also create stability, resilience, and hope for future generations. Supporting one family creates a ripple effect that uplifts children, preserves dignity for the elderly, and strengthens the wider community

STRENGTHENING COMMUNITY HEALTHCARE

We are excited to announce that our healthcare outreach has recently been strengthened through the donation of an ambulance by the Markham Family, made possible through fundraising efforts led by Angelina Polizzotto. This ambulance will play a critical role in saving lives by transporting sick and elderly community members to medical facilities during emergencies.

For many families in our community, access to healthcare remains a significant challenge. The nearest major hospital in Jinja is approximately 30 miles away, making emergency transportation essential. This new ambulance provides hope and life-saving access to medical care for hundreds of vulnerable residents.

WHY YOUR SUPPORT MATTER

The needs within our community continue to grow. Many elderly individuals still sleep without proper bedding, struggle to access healthcare, and lack adequate nutrition. Others face their final years without family support or companionship.

With your partnership, we can:

- Provide bedding and blankets for more elderly residents

- Expand nutritional support programs
- Increase access to medical care and medications
- Support emergency transportation through our ambulance service
- Reach additional vulnerable elderly women and widows
- Continue restoring dignity, hope, and family unity.

FINANCIAL REQUIREMENTS

To transition our vision into tangible relief for the vulnerable families of Kirugu, the Hoffman Family Foundation has structured a transparent, high-impact budget. Every dollar invested directly counters the harsh realities of poverty, illness, and neglect.

Our immediate priority is equipping these households with basic, life-preserving necessities. In eastern Uganda, simple items like a clean mattress, a warm blanket, and a mosquito net are not comforts, they are critical health interventions. Proper bedding prevents chronic pain in the elderly, while insecticide-

treated nets and routine house fumigation serve as the primary defence against malaria and other vector-borne illnesses that disproportionately claim vulnerable lives.

With a total financial requirement of **\$21,000 USD**, this budget outlines the direct costs for procurement, household health sanitization, and logistical distribution. By funding these line items, our partners are providing more than just physical assets; they are delivering health, restoring human dignity, and leaving a lasting legacy of Christ's love.

JOIN US IN LEAVING A LEGACY OF LOVE

The people of Kirugu Community extend their heartfelt gratitude to the Hoffman Family Foundation, our donors, sponsors, and friends who have faithfully walked alongside us on this journey. Together, we are changing lives, restoring hope, strengthening families, and sharing the love of Christ with those who need it most.

We invite you to join our Community Care and Healthcare Program as we seek to expand our reach and support even more vulnerable elderly people and women in need. Your gift can provide a bed, a blanket, a meal, medical care, transportation to a hospital, or simply the assurance that someone is loved and remembered. Together, we can ensure that every elderly person in our community experiences dignity, compassion, and care during their final years.
